

**The World Leader in ATM, Banking & Armored Carrier Software™**

Doug Deitel  
***President & CEO***

Doug Deitel has served as President and CEO of Morphis, Inc. since 2004. Under his leadership Morphis has increased their customer base 10-fold while expanding operations to Europe and Asia. During his tenure Morphis has also introduced new software products in field service and branch cash management to complement their ATM and armored carrier management software.

Doug has been involved in the financial services industry for more than 35 years. Prior to taking the helm at Morphis, he served as Executive Vice President with Cardtronics from 2000-2004. From 1998 to 2000, he was employed as Senior Project Manager with Fiserv and from 1994-1998 he worked at Citizens National Bank as Vice President of Information Technology.

During his career, Doug has served on a number of industry committees including the ATM Industry Association Future Trends Executive Committee and the Electronic Funds Transfer Association ATM Integrity Taskforce. In his free time, he serves as a board member for the United States Billiard Association and enjoys playing guitar.

Doug earned a BA in mathematics from the University of Buffalo in 1969 and is a father of two and grandfather of two. He has been married to his wife, Madeline, for more than 10 years.
